All-Party Parliamentary Group on Artificial Intelligence (APPG AI)

The APPG AI functions as the permanent authoritative voice within UK Parliament (House of Commons and House of Lords) on all AI-related matters.

The All-Party Parliamentary Group on Artificial Intelligence (APPG AI) was set up in January 2017 with the aim to explore the impact and implications of Artificial Intelligence. Special focus on policy, business and society.

We unpack the term, gather evidence to better understand it, assess its impact, and, ultimately, empower decision-makers to make policies in the sphere.

APPG AI

We bring evidence, use cases and future policy scenarios into UK Parliament to consider the economic, social, and ethical implications of developing and deploying AI.
